

Voice-Acting Workshop II

Learn the fine art of Voice Acting and commercial Voice Over.

Christina Thurmond, (VO Casting Director and professional voice talent for over 20 years) is conducting classes for the professional Actor and VO Talent at the premier post production facility, Voices Now where she does casting sessions. If you want to build your VO Business and client base, learn from someone who can help you on every level!

- Week 1:** Learn advanced VO Marketing skills that can help you in this exciting and changing field. This includes setting up a studio where you can send out Mp3 auditions and how to give live pitches in other markets. This overview will set you up to get representation here as well as in other markets.
- Week 2:** Review basic mapping skills and practice VO skills like IVR Prompts, narration how to time yourself internally for a 30 second or 60 second spot with inflection and style and how to put together a 60 second character pitch.
- Week 3:** Practice and organize copy in preparation for producing a professional demo or updating an existing one. Listen to examples of demos from National VO Talent and view the web sites they're on.
- Week 4:** LIVE RECORDING SESSION – Enter the booth with a top engineer and a working VO Casting Agent who will coach and work with you so you leave with VO Tracks that will add new dimension to your demo or will be the bedrock for a whole new one!
- Week 5:** REVIEW and talk about recording session and where to go from here
